

**In the Drawings:**

Please replace the previously filed Fig. 2 with the Fig. 2 shown on the one (1)  
Replacement Sheet enclosed herewith.

**REMARKS**

Fig. 2 has been amended to correct a minor informality. In particular, Fig. 2 has been amended to remove reference character 2, which was inadvertently included in the Amendment filed on June 27, 2007. No new matter has been added. Thus, it is respectfully requested that this Amendment be entered.

Specifically, Figs. 1 - 3 were originally filed on April 1, 2005. In the Non-Final Office Action mailed on July 27, 2006, the Examiner objected to the Drawings because reference character was incorrectly used to point to a different feature, inconsistent with the Specification. Thus, on December 27, 2006, the Drawings were amended to remove reference character 2 from Fig. 2.

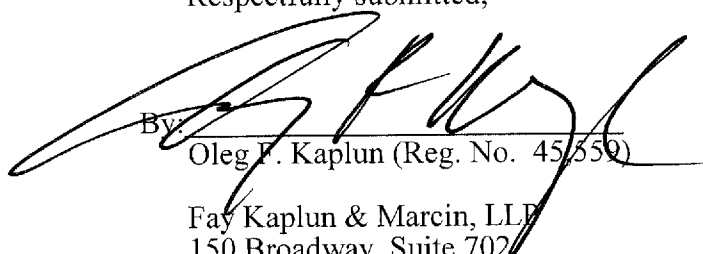

On June 27, 2006, the Drawings were amended again to include new Fig. 4. Figs. 1 - 3 were included only to correct sheet numbering. However, the originally filed Fig. 2, including previously removed reference character 2, was inadvertently included (instead of Fig. 2 without reference character 2).

Accordingly, it is respectfully submitted that the Amendment is to cure a minor informality. Applicants respectfully request that this Amendment be entered.

Respectfully submitted,

Dated: November 6, 2009
